Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding to support the development of a Multimodal Logistics Facility at Louisville Riverport Authority, Louisville, KY. The entity to receive funding for this project Louisville Riverport Authority, located at 6900 Riverport Dr., Suite A, Louisville, KY 40258. The funding would be used to complete an updated master plan for the conversion of an existing, aged marine terminal to a modern multiuse marine terminal. The project is a valuable use of taxpayer funds because it will make the port safer and more economically viable, drive economic growth, improve the quality of life in our city, improve intermodal and multimodal freight movement, allow for innovation, and improve the overall state of repair of the riverport. The US Department of Transportation Maritime Administration's Inland Waterways Gateway Office confirmed that this is an appropriate use of funds.

The project has a Federal nexus because the funding provided is for purposes authorized under 46 U.S.C. 54301.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Morgan McGarvey  
Member of Congress
